

Development of strategic policy and position statements

November 2017

Purpose

To communicate to members and the wider community HCA's approach in developing strategic policy and position statements.

Statement

HCA takes an independent, evidence-informed approach in developing strategic policy and position statements. We collaborate with our members, consumers and the wider community using methods that include forums, surveys, workshops, interviews and focus groups.

Our engagement strategies and commitment to report back to people are consistent with the International Association of Public Participation (IAP2) spectrum of public participation, summarised in the diagram below.
